JOHN T. KIMBROUGH & SON
Supply Why Paracarpoph is a Safe
Speedy, Certain Cure.

It is SAID—Because Paracarpoph is prepared only from high-grade refined animal fat, it is safe and certain. It is held at Lexington next week, Sept. 28-29. Immediately after his election as Mayor, Tom Johnson, who responded with the various representative musical organizations, and the Agrarian League, organized a band of musicians, the best that money could buy together. The leader, Mr. J. S. Duss, is a young man whose hobby is music. He is really a multi-millionaire, and the success of his career has led him to securing and perfecting the best band in America. In no instance has the popularity of the representative of all German cities for the purpose of protesting against the refusal of the Government to open the frontier to the free importation of food animals.

The Berlin Town Council, after a heated discussion of the meat question, unanimous in its decision to grant the permission of the representatives of all German cities for the purpose of protesting against the refusal of the Government to open the frontier to the free importation of food animals.

We do not hesitate to guarantee Paracarpoph. The manufacturer is a native of New Orleans, Louisiana. The product is made from the best animal fat and rendered directly to the seat of the hip, pelvis, in the muscles, joints or tendons.

It is CERTAIN—Because when it reaches the market it quickly and easily soothes the aching, inflamed parts, removes the congestion and draws out all the dead tissue. It destroys the germs that cause the disease. This is the only safe and certain cure.

Burdensome Taxation.

Taxation in this town is burdensome and already promises to become more so. The town dweller, of course, pays the one cent on the house tax, but the small assessment on property for state and county purposes. In addition this year the town rate is six cents, and the tax on the house is one cent and five cents. The total is one dollar and eighty-five cents.

Only by the vive voce method of voting can we be sure that your tax is not a burden. For the assessment to the State Constitution providing for a return to the old fashioned method of voting by word of mouth.

Those who pay little taxes are apt to treat the subjects with levity and enter with enthusiasm on projects that do not pay. Those that feel the strain, but if they were put on an equality with those whose incomes are measurably fixed and those that were taken off the rate of 40 or 50 cents for voting under the vive voce method, would be put to a different effect on matters.

gross disorders at the polls. It would be easy to obtain these provisions of the law and make them equally effective under the vive voce system.

PRESIDENT ROOSEVELT's efforts for peace between Japan and Russia are not more than thanks. The Tsar of Russia sends him word that through a "misunderstanding" some of the Japanese articles of paper into Russia will be paid a higher rate of duty than the same articles from other countries which were given the benefit of the same treatment.
